Manulife Financial

For your future:

February 12, 2014

Dear

During a recent review of the Weyerhaeuser group benefits plan, it was noted that the plan has been acting as first payor for drug claims for Quebec residents over age 65. This set up is incorrect and we have traced it to a system coding error. The Weyerhaeuser plan has always intended to be the second payor for these claims.

We are in the process of correcting the system so that effective March 1, 2013, the plan will be the second payor. As a result of this correction, you will be required to apply to the Régie de l'assurance maladie du Québec (RAMQ) for coverage under the public plan. Further details are available at http://www.ramq.gouv.qc.ca.

We apologize for any inconvenience this error has caused. If you have any questions regarding the integration of your Manulife coverage with RAMQ, please contact our Customer Service Centre at 1-800-268-6195.

Sincerely,

Manulife Financial Group Benefits
